

Date: March 20, 2020  
TO: Employees and Subcontractors of General Dynamics NASSCO  
From: Steve Solomon, Vice President of Human Resources  
Re: COVID-19

In accordance with Ellen Lord, Under Secretary of Defense, and Christopher Krebs, Director of the Department of Homeland Security, members of the defense industry base like General Dynamics NASSCO, are considered critical infrastructures and are directed to remain open. Employees and subcontractors of companies supporting the national defense, and manufacturing in support of these critical sectors have been designated as part of the Essential Critical Infrastructure Workforce. The important work you perform for our company impacts the United States' national security and the safety of United States citizens worldwide.

Please carry this document with you to and from your facility and produce to any law enforcement official that may inquire as to your presence on the roads in light of any restrictions on travel or work. You will need to present your NASSCO badge along with this letter.

Sincerely,

Steve Solomon

Vice President Human Resources
