#### A Word from the Chief

Greetings Brothers and Sisters,

I hope you all had a safe and blessed Thanksgiving with your families and please continue to be safe throughout the rest of this year.

I want to mention something that is very important, "Solidarity". As you all know we all

have a choice when it comes to joining our Union. I hope that your choice is to become a part of this family for the betterment of us all. Together we are stronger, as I am sure you are aware of what's going on all over the country. People are standing up and letting their voices be heard in unity. There's no reason why we can't stand together for the one cause that's important to all of us, "US". See your area Steward and become a part of this

Lastly, I want to bring up safety, please be careful while working. Many of you are being asked to work overtime, some of us are working seven days a week, 12 hours a day in recognition of the work that needs to be completed for Solar Turbines to be successful. The company has been very aggressive in terms of discipline when it comes to us doing our jobs safely. Take your time, do things the right way. Don't cut corners, bring up concerns to your Stewards, have your work checked and take time off to rest and recover. All our jobs are important but remember safety is ALWAYS first.

I would also like to congratulate our brothers and sisters at NASSCO, for coming together in solidarity, doubling their membership, and negotiating an amazing new contract!

In Solidarity.

IAM LL389 Game Night

Our 2023 Game Night was a great success and so much fun. Thank you to everyone who attended and showed their support. All you can eat tacos & refreshing beverages, a private balcony and great people, what else could we have asked for.

Well maybe a couple of more runs from the Padres. 😂 Needless to say we look foward to next years Game Night.
