WORKERS, DISTRICT LODGE NO. 947,
LOCAL LODGE NO. 389**

(ELECTRICIANS BARGAINING UNIT)

THIS AGREEMENT is made and entered into this 1st day of October, 2023 at San Diego, California, by and between NATIONAL STEEL & SHIPBUILDING COMPANY (hereinafter referred to as the “Company”) and the INTERNATIONAL ASSOCIATION OF MACHINISTS AND AEROSPACE WORKERS, DISTRICT LODGE NO. 947, LOCAL LODGE NO. 389 (hereinafter referred to as the “Union”).

**ARTICLE 1
RECOGNITION**

The Company recognizes the Union as the exclusive representative of the employees covered by this Agreement as set forth in Article 2 for purposes of collective bargaining with respect to rates of pay, hours of work, and all other terms and conditions of employment.

**ARTICLE 2
SCOPE OF AGREEMENT**

The words “employee” and “employees” as and wherever used in this Agreement shall mean and include only those employees of the Company at San Diego, California, classified in the job classifications set forth in Schedule A, attached hereto. All other persons are excluded. Whenever gender pronouns are used in this Agreement, they are intended to apply equally to all genders.

**ARTICLE 3
UNION MEMBERSHIP**

Section 1: Employees covered by this Agreement shall not be required to join or maintain membership in the Union as a condition of employment, but each employee shall have the rights to voluntarily join and maintain membership in the Union, to financially support the Union, including the payment of dues and/or fees, to engage in

lawful activity for or on behalf of the Union, or to refrain from any such activities, all as he or she freely determines.

Section 2: Neither the Company and its management and employees nor the Union and its agents and members shall threaten, intimidate, coerce or otherwise interfere with the exercise of employee rights described in Section 1 of this Article.

Section 3: Upon receipt of a valid authorization signed by an employee to whom this Agreement is applicable, the Company shall, pursuant to the provisions of such authorization and continuing no less than ninety (90) calendar days until revoked in writing by said employee, or until termination of this Agreement, whichever occurs first, deduct from such employee's earnings monthly, in four (4) equal installments. The deduction of monthly dues shall be made from the earnings received by employee on the first four (4) pay periods of the month in which a properly executed assignment is received by the Company. Union dues will be deducted thereafter from the earnings received by the employee on the first four (4) paydays of each month; however, should any such employee have no earnings due him or her in any week or should such employee's earnings be less than the amount such employee owes the Union, the deduction shall be made from the employee's earnings on the next succeeding payday on which his or her earnings are sufficient to cover the amount of dues currently owed. The Company shall promptly mail to the Union a check made payable to the Union for the amount of dues the Company has withheld during such month, which shall be accompanied by a list, in duplicate, containing the names of employees and the amount deducted from each employee's earnings. Upon receipt of such check and list, an official of the Union shall sign one copy of such list, acknowledging receipt thereof, and promptly return it to the Company.

Section 4: The Union agrees to indemnify the Company and holds it harmless against any and all suits, claims, demands, and liabilities that may or shall arise out of or by reason of any action that shall be taken by the Company for the purpose of complying with provisions of Section 3 of this Article.

Section 5: The Company will be under no obligation to withhold Union dues beyond the termination date of this Agreement and shall have the right to unilaterally discontinue the withholding and remission of dues upon such termination notwithstanding the language contained within the authorization signed by any employee.

ARTICLE 4

ASSIGNMENTS OF WORK

Section 1: Notwithstanding any other terms or provisions of this Agreement, it shall not be a violation of this Agreement for the Company at any time to (A) assign employees covered by this Agreement to perform work historically performed by persons covered by other collective bargaining agreements or employed in other bargaining units and (B) to assign persons covered by other collective bargaining agreements or employed in other bargaining units to perform work historically performed by employees covered by this Agreement and bargaining unit. Where such assignment exceeds five (5) consecutive work days, the employee(s) shall be reclassified. An employee(s) temporarily assigned to such other Schedule A work for less than six (6) consecutive work days shall not be evaluated, disciplined or laid off because of an inability to satisfactorily perform such work.

ARTICLE 5

Section 1: The minimum straight-time hourly wage rates for the job classifications covered by this Agreement are set forth in Schedule A.

Section 2: Nothing contained in this Agreement or in Schedule A shall preclude or prevent the Company from, in its discretion, paying an employee or group of employees an hourly rate in excess of the minimum hourly rates of pay set forth in Schedule A and, at its discretion, reducing any such excess hourly rate back to the applicable minimum hourly rate set forth in Schedule A, with a minimum of five (5) working days advance written notification to the effected employee(s). The granting or withdrawal of discretionary increases pursuant to this Section, and the failure to grant or withdraw a discretionary increase, shall not constitute discrimination, disparate treatment, or "a practice" with respect to the granting, withdrawal, and the failure to grant or withdraw other discretionary increases with respect to any other employee or group of employees, and such shall not be subject to the grievance and arbitration provisions of this Agreement (Articles 16 and 17).

Section 3: All new hires, except trainees, shall be paid a starting rate of two dollars (\$2.00) an hour less than the applicable minimum straight-time hourly rate of the classification in which the new employee is hired. Such employees shall receive the

Section 5: An employee assigned for one (1) or more hours in a workday to work for which the minimum straight-time wage is less than the employee's regular classification rate shall, while engaged in such work, be paid his or her regular classification rate. Employees so assigned to work for which the minimum straight-time wage rate is higher than the employee's regular classification rate shall, while engaged in such work, be paid the higher rate.

Section 6: The Company may establish new classifications covering new or different work operations and the wage rate or rates therefore, or it may assign such new or different work to an existing classification. If there is a dispute as to whether a newly established classification and/or new wage rate established for the new classification is proper, the Union shall have the right to grieve as set forth in Articles 16 and 17 to determine the proper classification and/or the wage rate therefore.

Section 7:

- A. Employees shall be paid on a regularly designated day. An employee who is laid off or discharged shall be paid immediately.

The employee shall also have the option to receive the adjustment payment in cash in lieu of an adjustment check, provided that the Payroll Department has sufficient petty cash available to offer this option.
- D. An employee who returns to work from an absence in which the Company paid the employee's portion of the weekly insurance premiums will be allowed to reimburse the Company in weekly installments an amount not to exceed two (2) weeks arrearages per paycheck.
- E. The Company reserves the right to change from a weekly pay period/payday to a biweekly pay period/payday. The Company shall give the Union forty-five (45) days advance written notice prior to making such change, but will not be required to negotiate with the Union over the decision or implementation of the change. If the Union desires to negotiate with the Company over the effects of the change, it must give the Company written notice of its desire to do so within fifteen (15) days of the Company's notice to the Union. Failure to provide written notice within said fifteen (15) day period shall be deemed a waiver by the Union of its rights to engage in effects bargaining over the change.

ARTICLE 6 HOURS OF WORK

Section 1: Nothing contained in this Article 6 shall be construed as a guarantee of hours of work per day or per week, or of days of work per week, nor shall this Article be used as any basis for the calculation of overtime, premium pay or reporting pay.

Section 2: Subject to the provisions of Schedule H, eight (8) consecutive hours of work exclusive of a one-half (1/2) hour unpaid lunch period shall constitute a normal day's work. Forty (40) hours, Monday through Friday, shall constitute a normal workweek. An employee's workday starts with the commencement of work after more than eight (8) hours off and continues until the employee has been released from work for eight (8) or more hours.

- A. Employees are authorized and permitted to take a paid and uninterrupted rest period of ten (10) minutes net rest per four (4) hours or major fraction thereof. It is the employee's responsibility to take his/her break, provided that the timing and location of the employee's break may be subject to regulation by supervision in order to insure that the timing and location of the break does not disrupt the flow of work. Any claim for a denied rest period must be made in

writing to the appropriate supervisor within 24 hours of the end of the shift in which the rest period was denied.

- B. Employees who are prohibited by the Company from taking a break in accordance with Subsection (a) above shall receive one (1) hour of straight-time pay as a penalty for the Company having prohibited the employee from doing so.
- C. Employees who work in excess of six (6) consecutive hours shall receive an unpaid thirty (30) minute meal period, which meal period shall commence on or before the end of fifth (5th) consecutive hour of work. The Union and the employees covered by this Agreement hereby consent to waive the meal period for any employee who does not work more than six (6) consecutive hours. Employees who are required to work more than ten (10) consecutive hours shall receive an additional unpaid thirty (30) minute meal period, which meal period shall commence on or before the end of the tenth (10th) consecutive hour of work. The Union and the employees covered by this Agreement hereby consent to waive the additional meal period for any employee who does not work more than twelve (12) consecutive hours. - E. The intent of the foregoing is to conform with California law regarding rest and meal period requirements. The foregoing shall not be applicable to employees who are not subject to such law. - B. Second or Afternoon Shifts will normally be worked between 1:30 p.m. and 1:30 a.m.
- C. Third or Graveyard Shifts will normally be worked between 10:00 p.m. and the following 10:00 a.m.

In the event the Company changes the starting time of a shift, including changes that will result in a shift time outside of the work hours identified above, the Company will

give the Union five (5) days written notice, unless a legitimate business reason makes five (5) day notice impracticable. The Company will provide notice to shift employees at the same time it provides notice to the Union. The Company will also make good-faith efforts to accommodate affected shift employees unable to work the new shift hours. Alternatives to be considered by the Company will include allowing transfers to other shifts or other work areas, utilizing temporary tours of duty, or utilizing staggered starting times. All determinations made by the Company regarding accommodation issues shall not be subject to the grievance and arbitration provisions of this Agreement (Articles 16 and 17).

Section 4:

- A. Voluntary Shift Reassignments. The Company will first seek volunteers for shift reassignments before assigning appropriate qualified employees. To the extent possible, and based on available work, the Company will make all reasonable efforts to return the employee to the same shift and work location after a voluntary reassignment is completed
- B. Involuntary Shift Reassignments. Involuntary shift reassignments are to be made only for legitimate business purposes. An employee reassigned to a new shift who in good faith needs more than five days advanced notice prior to starting the shift reassignment will be afforded due consideration to the extent possible. This provision does not apply to initial shift assignments, transfers between work areas or reassignments from new construction and repair in order to avoid lack of work events. This section also does not change or alter the process set forth in Article 18, Section 7.

ARTICLE 11

REPORTING AND MINIMUM PAY

Section 1: Employees who report to work as instructed by the Company and who are not put to work shall be paid four (4) hours pay, except when they are not put to work by reason of inclement weather, breakdown of machinery, discharge for cause or other conditions beyond the direct control of the Company. In the event of inclement weather, employees who have reported to work as instructed shall be paid one (1) hour's pay. However, the Company retains the right to assign work to employees that may result in exposure to the inclement weather. Such assignments will be made with proper consideration for the safety of the employees involved. In the event an employee elects not to accept such work, the Company shall not be obligated for the one hour guarantee.

Section 2: Employees who start work as instructed shall receive not less than four (4) hours work or pay unless they voluntarily quit, are discharged for cause, are voluntarily laid off, or are laid off by reason of breakdown of machinery, inclement weather or other conditions beyond the reasonable control of the Company. In the event of inclement weather, an employee who has started to work will receive two (2) hours' work or two (2) hours' pay, it being understood that such employee may be required to remain at the plant during the two (2) hour period. If an employee is assigned to start to work at a time other than his or her regular shift starting time, the two-hour period for inclement weather commences at the assigned shift starting time.

Section 3: Employees called back to work after the end of their regular shifts without eight (8) hours off to perform work not contiguous to their regular shift shall be guaranteed a minimum of four (4) hours work or four (4) hours' pay in lieu thereof. Time actually worked under this section shall be paid for at double time, and the remaining portion of the guaranteed four (4) hours, if any, shall be paid for at straight time.

Section 4: Pay for time not actually worked under the foregoing Sections of this Article shall not be deemed hours worked for the purposes of calculating overtime and shall be paid for at straight-time rates, except on Saturdays, Sundays, and holidays when the applicable premium rate, if any, shall apply.

Section 5:

- A. Any employee who is injured at the Company's plant as the result of an industrial accident and who, on the first day he or she is sent to a doctor and resumes work during his or her regular working hours shall be paid for the time lost on such day. An injured employee who is admitted to a hospital or instructed by the Company or a doctor to refrain from performing further work

on such day shall receive the applicable hourly wage rate for the balance of the shift. If such injured employee shall, on any subsequent day on which he or she performs work for the Company, be directed by the Company medical department to report for medical treatment of such injury at medical facilities outside the yard during the hours of the employee's regular shift, he or she shall be paid at his or her regular rate for the time not worked during such shift, as a result thereof.

- B. The pay obligations provided for above in Subsection 5(A) apply to any employee being treated by physicians or medical facilities to whom they have been referred by the Company. Nothing contained herein is intended to restrict the right of an employee to claim appropriate compensation in accordance with the law for time lost from work while going to his or her choice of physicians.
- C. An employee suffering from welding flash burns or complications from foreign bodies in the eye due to his or her Company employment who reports to the medical department for treatment of such conditions not later than the next work-day following such accident will be paid the regular rate of pay for the remainder of the shift if directed by the Company's medical department to refrain from performing work on such day.

ARTICLE 12

UNION REPRESENTATIVES

Section 1: An authorized representative of the Union (who shall be the regular full-time Business Representative), the Chief Steward involved in the matter under investigation, and an authorized representative of the International Union shall be permitted to visit the offices of the Company at all reasonable hours and, after notifying a representative of the Company designated by it for such purpose, shall be permitted to enter the shipyard during working hours to investigate any matter covered by this Agreement, unless prohibited from doing so by applicable Federal Security regulations; but he or she shall in no way interfere with the progress of the work. He or she shall, however, be permitted to confer with Stewards and other bargaining unit employees in the course of investigating matters covered by this Agreement. When the regular full-time Business Representative is unavailable, the Union may authorize another full-time local Union Business Representative to have access to the yard or may appoint a regular full-time NASSCO employee to fill in for the Business Representative for such time as the regular Business Representative is unavailable.

Section 2: The Union may appoint a Chief Steward, and five additional Stewards, who shall be regular full-time working employees of the Company. The Chief Steward shall, as necessary, have up to 2.5 hours per week with pay to conduct Union business, provided such hours are utilized at the end of his/her shift. Other Stewards shall be granted a reasonable amount of unpaid, off-clock time to conduct Union

business. The Union shall keep the Company informed in writing of the dates of appointment and names of the Union's Stewards. The Union shall update the Company in writing every quarter with the appointment dates, areas of responsibility and names of Union Shop Stewards. The Company will not transfer any Steward outside of his or her assigned area, unless for reasons of ship completion, the ending of a shift, or the Company's manning requirements, for the three (3) months of his or her appointment, provided the Steward has the requisite skill and ability to perform the work in the assigned area. Should the number of active employees in the Bargaining Unit increase subsequent to the date of ratification of this Agreement, the Union may appoint one (1) additional Steward for every additional seventy (70) employees.

Section 3: The Company agrees to give the Union forty-eight (48) hours' notice prior to the layoff or termination (except discharge for cause) of Stewards who have been duly appointed with notice to the Company by the Union. For layoff, the Chief Steward and other duly appointed Stewards shall, ten (10) days following written notice of appointment to the Company in accordance with Section 2 above, have top seniority in his/her classification.

Section 4: In addition to job duties as a Company employee, Stewards shall be permitted a reasonable amount of unpaid, off-clock time during normal working hours to perform the following duties in connection with the application and/or enforcement of this Agreement.

- A. Investigate complaints, disputes, and grievances of employees in his or her Area.
- B. Discuss complaints, disputes and grievances of employees at Step One of the grievance procedure in an effort to satisfactorily adjust the same.
- C. Attend scheduled meetings at Step Two of the grievance procedure, whenever requested by the Union or the Company, in an effort to satisfactorily adjust grievances which were presented by said Steward at Step One.

The foregoing activities shall be kept to the minimum time required and at all other times Stewards shall continue to perform their assigned Company jobs. Each Steward shall perform his or her duties exclusively in the area and on the shift to which he or she is assigned. When a Steward finds it necessary to perform his or her functions as a Steward and/or to leave his or her immediate work area to do so, he or she shall, prior to performing such functions and/or leaving the work area, notify his or her supervisor of the starting time of such performance and/or leaving and the reasons therefore, and he/she shall also notify the supervisor upon returning to his or her assigned Company job.

Section 5: The Company will cooperate with the Union in regard to excusing employees from work without pay to attend the Union's monthly general membership meetings scheduled during an employee's work shift, under the following conditions.

- A. Officers and Stewards of the Union shall normally be excused upon request made one day in advance.
- B. Other employees will be excused when, in the opinion of the applicable supervisor, the work in progress will not be adversely affected and the employee requests such time off at least one work day prior to the meeting.
- C. Employees excused will return to work promptly from the meeting, as agreed to by the supervisor and the employee.
- D. The Union will verify the employees' attendance at the meeting within two (2) workdays by providing the Company with a list of the employees who attended the meeting during their regularly scheduled work hours.
- E. Employees excused in accordance with the provisions of this subsection shall not be considered absent from work. However, they shall clock out when leaving work and, if applicable, clock in when returning to work.

ARTICLE 13 MANAGEMENT RIGHTS

Section 1: The management of the Company's shipyard and the direction of its working forces, including the right to establish new jobs, abolish or change existing jobs, increase or decrease the number of jobs, change materials, products, processes, equipment and operations shall be vested exclusively in the Company. Subject to the express provisions of this Agreement, the Company shall have the right to schedule and assign the work to be performed and the rights to hire or re-hire employees, to promote and demote employees, to recall employees from layoff, to suspend, discipline or discharge employees for proper cause, to transfer employees, and to lay off employees for lack of work or other legitimate reasons; it being understood, however, that the Company shall not discipline or discharge any employee except for just cause.

Section 2: The Company's right to manage the business, its operations, and all other rights ordinarily and customarily exercised by management whether or not expressly referred to in this Article and/or Agreement are reserved and vested to the Company, subject only to the express provisions of this Agreement. A complaint that the Company has exercised any such right in bad faith or for the sole purpose of undermining the Union or the bargaining unit shall be subject to the grievance and arbitration provisions of this Agreement.

Section 3: The Company expressly reserves the right to establish, amend, maintain and enforce reasonable rules and regulations to assure orderly plant operations, efficiency, and employee conduct, but such rules and regulations shall not be inconsistent or in conflict with the express written provisions of this Agreement or applicable law. Such

rules and regulations shall be posted on Company bulletin boards and be available in the Employment and Labor Relations offices. Changes in existing rules and regulations, as well as new rules and regulations promulgated by the Company, shall become effective on the twentieth (20th) work day after copies thereof have been furnished to the Union and posted on Company bulletin boards. The Union may grieve the reasonableness of any new or changed rule only within the ten (10) work day period after the posting of said work rules and, as it deems appropriate, then proceed to arbitrate to determine whether or not said rule is reasonable. The Company, upon the filing of such a grievance, may elect to withdraw or delay the effective date of such new or amended rules. Copies of the existing Standard Rules of Conduct, the Substance Abuse Procedure, and the Absenteeism and Tardiness Control Procedure (all accepted by the Union) are incorporated herein by this reference as Schedules C, D and E, respectively.

Section 4: The Company shall have sole discretion in the use, selection and downgrading of leadmen and working foremen.

Section 5: It shall not be a violation of this Agreement for management and supervisors to perform work regularly performed by the employees covered by this Agreement:

- A. When training, checking, auditing or assisting bargaining unit employees;
- B. When required by a breakdown of equipment or facilities, an interruption in power or services, unexpected increases in workloads, and other emergencies, including abnormal or sudden bargaining unit absenteeism and staffing shortages; and
- C. When in connection with the establishment, implementation, and/or installation of new or revised work operations and procedures, systems, techniques or equipment.

ARTICLE 14 SUBCONTRACTING

Section 1: Work that has not heretofore been consistently and regularly performed by the Company, work that requires manpower, skills, equipment, tools and/or licenses the Company does not then have, incidental work performed by a subcontractor in order to secure a guarantee of the subcontracted work, work that is available for no more than a 6 month duration making the hiring of new employees or the recalling of laid-off employees impractical, work heretofore consistently and regularly performed by employees covered by this Agreement including work currently being performed by bargaining unit employees, and work performed by a subcontractor or vendor at work locations other than the San Diego shipyard and historical environs or when there are no available Bargaining Unit employees who can perform the work to the Company's satisfaction, may be subcontracted by the Company without notice, restriction, or obligation. The regular, intermittent or occasional performance of any such work by Company employees covered by any collective bargaining agreement shall not restrict or impair the Company's right to subcontract such work. The Company shall not be required to bargain with the Union over the exercise of its rights under this Article 14 or the effects of its exercise of such rights.

Section 2: Subcontractors performing work heretofore consistently and regularly performed by employees covered by this Agreement must be laid off before any active employees covered by this Agreement and qualified to perform such work shall suffer a layoff; provided that the subcontractors can be retained for no more than thirty (30) days beyond such date.

Section 3: It is not the intent of the Company to exclude local qualified union contractors from an opportunity to compete for construction work on shipyard facilities. The Union is invited to present the Company with lists of construction trade contractors who perform the type of work that is applicable to facilities construction in the shipbuilding and repair industry. This list will be presented to the appropriate Company department head for consideration when they solicit bids for such work.

Section 4: Subcontractors performing work at the shipyard will be required to have an alcohol and substance abuse plan which provides drug testing prior to an employee starting to work at NASSCO and retesting when the employee has not performed work at NASSCO for a period of ninety (90) days. Testing will conform to at least the same standards then utilized by NASSCO. Upon reasonable written request by the Union, the Company will make available documents needed to verify a subcontractor's compliance with this Section 6, including description(s) of the substance abuse plan(s) and listing(s) of the subcontractor's employees working at NASSCO who have been tested.

Section 5: The Union shall have the right once each calendar quarter to request, in writing, the total number of subcontractors currently performing work for NASSCO in both New Construction and Repair, including the names of the companies employing said

subcontractors. The Union shall have the right, upon written notice to the Company, to call for a meeting with the Company to discuss any issues relating to subcontracting. The Union's committee for any such meeting shall consist of the Union's District Business Representative or his/her designee and the Union's Chief Shop Stewards.

ARTICLE 15 NO STRIKES/LOCKOUTS

The Company agrees there shall be no lockout during the term of this Agreement and the Union, for and on behalf of itself, its agents, and the employees covered by this Agreement, agrees there shall be no strike, walkout, work interruption, slowdown, sympathy strike or other interference with work during the term of this Agreement. Should employees covered by this Agreement engage in any such activity, the Union and its agents shall, upon demand from the Company, immediately use their best efforts to promptly terminate such activity.

ARTICLE 16 GRIEVANCES

Section 1: A grievance is a dispute or controversy involving the interpretation and/or application of an express term or provision of this Agreement, including the schedules and exhibits expressly made a part hereof.

Section 2: Grievances shall be filed, processed, and resolved in the following manner.

STEP ONE. An employee having a grievance shall first take up the matter with his or her supervisor (either with or without his or her Steward) immediately, but in no event later than seven (7) work days after the event which caused the grievance. However, if circumstances made it impossible for the aggrieved employee or the Union to know the aggrieved had grounds for the grievance, said seven (7) work day period shall not commence to run until the date the aggrieved knew or reasonably should have known that he or she had grounds for the grievance. In no event, however, shall any grievance be filed more than thirty (30) calendar days following the act or omission upon which it is based, and any grievance filed later than seven (7) work days after said act or omission shall be limited to a retroactive claim period of thirty (30) calendar days prior to the date the grievance was first filed. If the grievance is not satisfactorily adjusted within two (2) work days after having been filed with the supervisor, then within ten (10) work days after the event which caused the grievance, it shall be reduced to writing, signed by the aggrieved employee or the Union and filed at Step Two with a Company Employee Relations Representative.

STEP TWO. The written Step Two grievance shall include a statement of the act or omission giving rise to the grievance; the date upon which the act or omission occurred, if known; the name of the aggrieved; the provisions of the Agreement alleged to have been violated; and, as applicable, the name of the supervisor with whom the grievance was filed at Step One. Within seven (7) work days after filing at Step Two, the written grievance shall be discussed and an effort to settle it shall be made by representatives of the Union and the Company. A written answer shall be given no later than 3:00 p.m on the seventh (7th) work day after the discussion of the grievance. The aggrieved party shall sign off the written answer solely to acknowledge receipt. Timely grievances not settled at this Step Two may be referred to arbitration as provided in Article 17. If no timely answer is given, the grievance shall be eligible to be referred to arbitration as provided in Article 17.

Section 3: Grievances not timely filed and processed as provided in Steps One or Two shall be considered null and void and shall not be entitled to further consideration or arbitration.

Section 4: Time spent processing grievances under this Article, and in processing them under Article 17, shall be on the employees' time. This applies to grievants, employees serving in any Union capacity, and witnesses interviewed or called by the Union at any step of the grievance and arbitration procedures, but not when required to attend such processing by the Company's Labor Relations Department. Grievance hearings attended by an individual grievant and a Union steward may be scheduled before the end of the steward's regular shift with prior approval by Labor Relations; overtime hours for such purposes will not be allowed.

Section 5: Grievances involving layoffs and discharges not initiated and filed in writing at Step Two of the Grievance Procedure within five (5) work days of the date of the layoff or discharge are untimely, null and void, and not subject to arbitration.

Section 6: Grievance settlements at Steps One or Two that involve the payment of wages will be included in the employee's paycheck. Settlements that involve a reimbursement for costs incurred by an employee will be paid by a separate check.

ARTICLE 17 ARBITRATION

Section 1: A grievance not resolved at Step Two may, within thirty (30) calendar days after the date of the written Step Two answer, be referred to arbitration by the aggrieved party notifying the other party in writing by certified mail of the decision to arbitrate.

Section 2: The parties may, within five (5) work days of the mailing of the notification of arbitration, mutually agree upon the Arbitrator.

Section 3: If the parties do not mutually agree upon the Arbitrator within said five (5) work days, the moving party shall no later than fifteen (15) work days after the mailing of the notification to arbitrate, request the Federal Mediation and Conciliation Service (FMCS) to nominate a panel of seven (7) persons, all of whom must be members of the National Academy of Arbitrators. Each party may request one additional panel from the FMCS within fifteen (15) calendar days of the date of a prior panel. A true copy of such request shall be mailed to the other party. If the parties cannot agree on one of the seven nominees to serve as the Arbitrator, they shall alternately strike names until only one name remains, and he or she shall be the Arbitrator. A written decision, which shall be final and binding, shall be issued by the Arbitrator within thirty (30) days after the close of the hearing, including brief, if any. The Arbitrator shall not have authority or power to establish wage scales or to add to, subtract from, or modify any of the terms of this Agreement; nor shall he or she have the power to substitute his or her discretion for that of the Company. The arbitration procedures set forth herein shall not be used for the purpose of arriving at an agreement, and only matters involving an alleged violation, application, or interpretation of the express terms of this Agreement shall be arbitrable.

Section 4: Each party shall bear its own costs of processing a grievance and they shall equally share the costs and fees of the Arbitrator, the reporting service and transcript, and the expenses of the hearing location.

Section 5: The original grievance, as filed and processed, shall not be enlarged or expanded during arbitration without the consent of the non-grieving party.

Section 6: In the event either party refuses to submit to arbitration in accordance with the provisions of this Agreement, the other party shall thereupon be released from all obligations under Article 15 of this Agreement (strikes and lockouts).

ARTICLE 18

SENIORITY

Section 1: Seniority is the total length of continuous employment with the Company.

Section 2: New employees obtain seniority from their first day of work only after satisfactorily completing a total of ninety (90) days worked within a consecutive six month period.

Section 3: New employees shall be considered probationary until they have obtained seniority. Probationary employees may be assigned, transferred, laid off, or terminated without recourse to the grievance and arbitration provision of this Agreement. A probationary employee who quits, is discharged, or laid off for more than ninety (90) consecutive calendar days and is subsequently reemployed shall be subject to a new probationary period, starting from the date of reemployment.

Section 4: An employee transferred or promoted out of the bargaining unit shall not accumulate seniority in the bargaining unit. However, there shall be no loss of seniority if the employee returns to the bargaining unit within sixty (60) calendar days from the date of such transfer or promotion. An employee who has been transferred or promoted out of the bargaining unit for more than sixty (60) calendar days shall be entitled to return to the bargaining unit in accordance with the Performance Evaluation and Communication Program (PECP) incorporated herein by reference as Schedule F.

Section 5: An employee's seniority status and employment may be terminated for the following reasons.

- A. An absence of three (3) consecutive workdays or more without notification and furnishing a justifiable reason for such absence shall be considered a voluntary termination of employment. Exceptional cases will, without setting a practice or precedent, be considered on their merit.
- B. Failure of an employee who is laid off to report for work and return to work in accordance with the recall provisions of Article 19.
- C. Discharge for just cause.
- D. Resignation, quit, retirement.
- E. When an employee has not worked as an active regular employee for a period of one (1) year. This includes non-probationary employees absent due to industrial injury or illness.

(1) An employee absent from work for a period of one (1) year due to industrial injury or illness will be terminated at the end of the one year period;

however, should the employee receive medical clearance to return to work prior to the end of thirty (30) months, the employee will be reinstated with full seniority.

- (2) An employee who has not worked as an active regular employee of the Company for one (1) year because of layoff may extend his or her recall rights up to twelve additional months by notifying the Company's Employment Relations Department in writing within the thirty (30) calendar day period immediately preceding the date he or she would have been laid off for one (1) full year. Such notice must contain the employee's current address and telephone number.
- (3) An employee absent from work due to non-industrial accident or illness at the time he or she is laid off may extend his or her recall rights for an additional twelve (12) months by notifying the Company's Employment Relations Department in writing within the thirty (30) calendar day period immediately preceding the date on which such employee would have been out of work for one (1) full year. Such notice must contain the employee's current address and telephone number. The aggregate total time off for such disability and layoff shall not exceed twenty-four (24) months.

Section 6: At least once each calendar month the Company will provide the Union with a list of bargaining unit employees, their classifications, rates of pay, and their seniority dates, if any. The Company will from time to time also provide the Union with copies of personnel action forms relating to bargaining unit terminations of any type and changes in classifications and/ or shifts.

Section 7: Employees assigned to and working on the same shift for six (6) months or more shall, in accordance with their relative Seniority, be given preference in filling vacancies in their classifications and work area on a different shift before new hires or recalled employees are assigned to fill such vacancies; provided, however, that employees desiring such shift transfers must first complete and file a shift transfer request form in the Employment Office. An employee who rejects an offered shift transfer, regardless of notice, shall waive shift transfer rights for six (6) months.

Section 8: Seniority shall continue to accrue during military leave, as provided by law.

ARTICLE 19

REDUCTION AND RESTORATION OF FORCES

Section 1: Except as hereinafter provided in this Article 19, reductions and restorations of forces (layoffs and recalls) within classifications shall be made pursuant to and in accordance with the terms and conditions of the PECP.

Section 2: Reduction of Forces.

- A. In the case of a layoff of employees from a classification, the employees lowest rated in such classification shall be laid off first in accordance with the PECP rating system.
- B. Employees notified of a layoff may elect to bump to lower classifications, provided they can satisfactorily verify to the Company that they have previously successfully performed the work of such lower classification, and pursuant to and in accordance with the PECP rating system.
- C. Employees wishing to bump must, at the time of notification of layoff, notify their supervisor in writing of their intention to bump on the appropriate form, which shall be provided.
- D. Employees bumped as provided for above in subparagraph B shall be allowed to exercise bumping rights in the same manner, and so on.
- E. Non-bumped employees will be notified at least four (4) hours prior to layoff, or receive four (4) hour pay in lieu of notice. An employee absent because of illness, industrial injury or vacation on the day he or she would otherwise be notified of layoff shall be paid for the time necessary (not to exceed two (2) hours) on the first day he or she reports to the yard for the purpose of complying with termination/layoff procedures. A list of the employees to be laid off will be given to the Union at approximately the same time the affected employees are notified of their layoff.
- F. If at the time of layoff it appears that the layoff period will be less than thirty (30) calendar days duration, a formal layoff notice will not be filed and vacation pay will not be prorated and paid. If the layoff then extends more than thirty (30) days, the employee may request and receive prorated vacation pay.
- G. The foregoing provisions of this Section 2 shall not be applicable to temporary layoffs not exceeding five (5) calendar days which are occasioned by emergency situations beyond the reasonable control of the Company. This subsection (G) shall not apply to slack periods and, if it is utilized on a recurring basis, the Company will endeavor insofar as practical to avoid laying off the same employees.

H. The foregoing provisions of this Section 2 shall not be applicable to temporary layoffs of not more than three (3) work days resulting from ship movements within the shipyard, ship movements to or from work locations outside of the shipyard, dockings or undockings and launchings. In the case of sea trials, the duration may equal the duration of the sea trial.

Section 3: Restoration of Forces.

A. Employees who have been laid off must, as a condition of recall, keep the Employment Department informed in writing of their current address and telephone number.

B. In the restoration of forces, recalls to a classification shall be made in the inverse order of layoff, pursuant to the PECP rating system, and in accordance with the following procedures.

(1) Notification of recall shall be mailed to laid off employees at their last address of record not less than three (3) work days nor more than fifteen (15) work days prior to the scheduled reporting date. Telephonic notices of recall shall be confirmed by letter mailed the same or the next work day.

(2) An employee notified of recall shall, not more than three (3) work days after the mailing date of the notification, notify the Employment Department during regular business hours whether or not he or she will report to work as scheduled by the recall notification.

(a) An employee who responds to recall within said three (3) day work period who is then employed full-time or is unable to return to work as notified because he or she is out of the State may elect to waive the recall. Such employee shall remain eligible for the next recall and be recalled in accordance with the PECP rating system. Recall may not be waived for such reasons more than once during the same layoff.

(b) An employee who responds to recall within said three (3) day work period and is unable to report as notified because of confirmed illness, injury or disability shall be returned to work in accordance with the PECP rating system upon three (3) work days written notice to the Employment Department that he or she is then able to resume work, provided such work is then available without displacing another employee.

(c) An employee who fails to timely respond to recall as provided above in subparagraph (B)(2) shall forfeit his or her seniority and recall rights. However, the employee may, within thirty (30) calendar days of the mailing of the original notice of recall, apply in writing to the Employment Department to have his or her seniority and recall rights restored. The employee shall then be eligible for, and must accept, the next recall. An

employee may not apply for such reinstatement more than once in any twenty-four (24) month period.

- (3) Notwithstanding any other term or provision of this Article, the Company reserves the right to require any laid off employee to return to work from layoff as notified when the number of available and qualified employees recalled to the same classification is then insufficient to meet manpower requirements.
- (4) By mutual agreement between the Employment Department and the recalled employee, a reporting date may be extended to not later than the fifteenth (15) work day following the mailing of notification.
- (5) An employee shall not be required to report to work earlier than three (3) work days after the date the notice of recall is mailed, but with the agreement of the Employment Department, an employee may report to work earlier than the scheduled recall date.

Section 4: Joint Committee. A Joint Union/Management PECP Committee shall be established. The Committee shall be composed of three or more Company members and three Union members. The Union members shall be the Chief Shop Steward for the Machinists bargaining unit, the Chief Shop Steward for the Electricians bargaining unit, and the Business Representative for the Union or his/her designee as designated by the Union. The Committee will meet every four (4) months to review the manner in which the PECP is being administered and to discuss possible improvements to the administration of the Program. The Chief Shop Steward(s) shall not suffer any loss in pay or benefits while attending scheduled PECP Joint Committee meetings pursuant to this section.

Section 5: Changes to the PECP. The Joint Committee shall meet and confer and discuss any proposed changes to the PECP prior to changes being made to the program. Journeymen who will experience a reduction in current Ability rating will be provided a copy of any new requirements and a reasonable amount of paid time to complete the new requirements to regain the Ability rating.

ARTICLE 20

HEALTH AND WELFARE

Section 1: Employees shall be eligible to participate in Group Life and Accidental Death and Dismemberment Insurance, Group Health Insurance, Group Dental Insurance, and Disability insurance, as provided for herein and Schedule B attached hereto. An employee's eligible dependents, as defined by the plans, shall be eligible to participate in the Group Health and Dental Plans to the extent provided for herein and by such plan policies. The provisions of the applicable plan policies are incorporated by reference and prevail over the terms of this Agreement. The benefits provided by this Article 20 shall be subject to modification in accordance with the terms thereof or as the result of bargaining between the parties during the term of this Agreement as follows:

The Union shall have the right to request that the Company meet with the Union in July of each year of this Agreement for the purpose of discussing projected premiums to be charged by the available medical plans for Group Health Insurance benefits effective January 1 of the following year, and to negotiate changes to plan design, if any, as a means of addressing premium increases, by providing the Company with thirty (30) days written notice prior to July 1 of its desire to meet for such purposes. Should the Union provide such notice, the parties understand and agree that any such changes agreed to would be subject to approval by the involved medical plan(s). Should the Company and the Union be unable to agree to such changes as the result of the negotiations, or if the Union does not timely request to meet with the Company as set forth in this Section 1, it is understood and agreed by the Union that the Company shall have the right to implement its proposed changes (if any), notwithstanding any other provision of this Agreement.

Section 2: New employees shall be covered and eligible for benefits on the first day actually worked in the calendar month following sixty (60) calendar days of employment. Employees recalled to work from layoff shall be covered and eligible for benefits on the first day worked in the calendar month following the date of return to work.

Section 3: Except for layoffs, coverage and eligibility for benefits ends on a terminating employee's last day of work. Coverage and benefits for laid off employees ends on the last day of the calendar month in which the layoff occurs, except that employees temporarily laid off shall remain covered for a maximum of thirty (30) calendar days after the date of such layoff.

Section 4: At the time of hiring, and once each year during a time designated by the Company, employees may elect coverage by the group health and dental plans offered by the Company, as provided for in Schedule B. An employee who fails to make an election during the annual enrollment period shall continue in the same plan as before, or if the plan is no longer available, will default to employee only coverage for the comparable base plan.

Section 5: The benefits provided for under the Schedule B health and dental plans shall be coordinated with payments received or receivable under any other applicable insurance plan so that the benefits payable hereunder will not be duplicated or exceed one hundred percent (100%) of the benefits provided under the Company plan covering the employee and/or dependents. Benefits payable by any Company plan shall be reduced by similar benefits provided under California law or through Social Security-Medicare Parts A and/or B.

Section 6: The Company and the Union agree to assist employees in filling out and completing applications for coverage and in submitting claims for benefits under the Schedule B plans; but neither, by doing so, guarantees the payment of such claims or in any other way obligates itself to assume payment for any benefit set forth in Schedule B.

Section 7: Laid off and terminated employees shall have the right to continue plan coverage pursuant to and in accordance with COBRA and the plan.

Section 8: The Company shall have the continuing right to change insurance carriers for any Schedule B plan, provided that the aggregate benefits provided by any subsequent insurer shall not be less than those in effect on the date of the change.

ARTICLE 21

401(k) SAVINGS PLAN

Section 1: The 401(k) Savings Plan currently in effect for bargaining unit employees shall remain in effect. However, the Company reserves the rights, without prior notice, to change the Plan Administrator, the Plan Trustee, and/or the available investment options, which shall not be less than five (5). Except upon the signed authorization of the employee, the Company shall not be required to provide account information and/or balances to the Union or others. The 401(k) Plan document is incorporated by reference.

Section 2: All new hires hired or rehired after December 31, 2013 will be eligible to receive a Company contribution into their 401(k) savings plan, to be made on January 31 of each year, in the amount of four percent (4.00%) of such employee's straight-time earnings during the prior calendar year, provided they are on active status on December 31 of such prior calendar year. This Company contribution will vest after such employees earn at least three (3) years of vesting service, as defined in the 401(k) Plan document. Such employees will not be eligible to participate in, or earn benefits under, the Pension Plan described in Article 22.

ARTICLE 22

PENSION

Section 1: The Company, at no cost to employees, shall provide pension benefits as set forth in the Pension Plan, which is incorporated herein by this reference and which shall be modified in accordance with the provisions of this Agreement as necessary, for employees who were hired or rehired on or before December 31, 2013. Eligibility for benefits shall be as set forth herein and in said Pension Plan. Normal retirement age is sixty-two (62) years. All new hires and rehires hired after December 31, 2013 will not be eligible to participate in this Plan. Any employee who earned Pension Plan benefits, ceased to be an employee, and then is rehired after December 31, 2013 shall not earn additional Pension Plan benefits on or after the date of rehire.

Section 2:

- A. Effective June 7, 2008, the pension benefit for service prior to October 1, 2005 shall be thirty-five dollars (\$35.00) per month for each year of credited service as defined by the Pension Plan.
